

## No Touch Sensor

# #310 Touchless Actuator

LED:

### Technical Specifications:

Power: DC12-24V Contact Rating: 3A/12~24V

Output: NO/NC/COM Infrared distance: 3~15cm.

LED indicator: Blue LED indicator (standby)

Green LED indicator (sensation)

Panel: 0.9mm thick 304 stainless steel

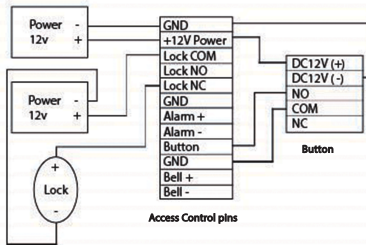

Standard Structure: No touch to exit

Mechanical Life: 100,000 tested

Operating temp: -20~+55 Degree

Installation: Surface mount or Hollow door

### Diagram Wiring:

Red: +12~24VDC  
Black: GND  
Yellow: COM  
White: NC  
Green: NO
